

### DELICIOUSLY GOURMET

Villa Sibianna is an artisanal extra virgin olive oil produced from Frantoio Olives in Orvieto, Italy.

The rich and exquisite colour of the olive oil is complemented by its distinctive and fruity taste. Characteristically, there are scents of fresh cut grass and a peppery aftertaste, making it a great quality finishing oil for delicate dishes.

As featured in the **May, 2014** edition of **The Australian Retailer** magazine

Villa Sibianna is the name of an important residence in the historic town of Orvieto, Umbria. Long known for it's famous 'duomo' or cathedral that was once occupied by the Pope, Orvieto has a history entrenched as far back as the Etruscan era. Like many towns in Italy, this history extends through the Roman era and Middle Ages.

It can be only expected that an artisanal extra virgin olive oil produced from the local Frantoio olives of Orvieto would be equally amazing.
